

2009 Residential Well Water Testing

CHEMICAL & BACTERIOLOGICAL:

- (1) Basic Well Water Test
pH Turbidity Chloride Fluoride Nitrate
Iron Copper Manganese Hardness Sodium
Total Coliform & E.Coli (Present / Absent)
- (2) Comprehensive Well Water Test
pH Turbidity Chloride Fluoride Nitrate
Iron Copper Manganese Arsenic Sodium
Nitrite Magnesium Calcium Hardness Nitrate / Nitrite
Total Coliform & E.Coli (Present / Absent)
- (3) Total Coliform & E-Coli Bacteria (Present / Absent)
- (4) Total Coliform Bacteria Count (Colony Count)
- (5) Fecal Coliform Bacteria Count (Colony Count)
- (6) E-Coli Bacteria Count / Natural Bathing Beach (Colony Count)
- (7) VA & FHA Well Water Test (Comprehensive Test plus Lead)
- (8) Perchlorate (EPA 314.0)

METALS:

- (9) Drinking Water Toxic Metals (RCRA 8 Metals)
Arsenic, Selenium, Cadmium, Chromium, Lead, Silver, Barium, Mercury
- (10) Single Well Water Metal

RADON: (Sub-Contract Analysis)

- (11) Waterborne Radon (Must be Prepaid)
- (12) Airborne Radon (Must be Prepaid)

ORGANICS:

- (13) Volatile Organics Full List (EPA 524.2)
- (14) MtBE Only (EPA 524.2)
- (15) Diesel Range Organics (EPA TPH 8015)

WELL WATER PACKAGES:

- (16) Comprehensive Well Water Test, Volatile Organics, Perchlorate
- (17) Comprehensive Well Water Test, Volatile Organics
- (18) Comprehensive Well Water Test, Volatile Organics, Perchlorate, Water & Airborne Radon
- (19) Comprehensive Well Water Test, Volatile Organics, Waterborne Radon
- (20) Complete Well Water Package.....
Comprehensive, Perchlorate, Toxic Metals, Volatile Organics, Diesel Range Organics, Radon Air & Water
